Visit to the Maine State Prison

THOMASTON, Sept. 26. Inspectors Wentworth, Deasey and Clary are making an official visit to the Maine State Prison with Councillor Hunt. The prison quarry is very full of water and drainage is demanded.

RIOTING ITALIANS

Tearing Up a New Railroad.

They Claim Not to have Received their Pay.

LANCASTER, N. H., Sept. 26. Five hundred Italian laborers, employed on the extension of the Upper Coos railroad, between West Stewartstown and the Canada line, struck yesterday on account, it is reported, of not receiving some two months back pay through the failure or absconding of the contractors. At daylight this morning the strikers had about two miles of the road torn up, and were busy making their way towards Canada or Vermont. President James Van Dyke telegraphed here this afternoon for the Grand Army Post's rifles, which were sent up, together with plenty of ammunition, by special train. The outcome of affairs is awaited with anxiety.

The Rioters Revamped to Canada.

STANBRIDGE, Quebec, Sept. 26. There is no telegraphic communication to any point on the Missisquoi Road. Information reached here that the Italians were encamped at Parquettville and vicinity and had placed a strong guard over a number of construction cars and other materials. So far they have not crossed into the United States, but threaten to do so. They also threatened to kill General Manager Smith should he cross over into Canada. Orders were issued this morning to volunteers stationed on a large portion of the surrounding country. Sheriff Brackett himself went 200 rounds of ammunition to all that was in their possession.

Several Cases of Ammunition

are on the way from Montreal. W. H. Moss, M. P. for the prominent district, says he understands that everything will assume its usual condition in a day or two. Hereford Railroad now under control of Stewart and Sawyer, with Quinn as superintendent, Stewartstown N. H. Telegram from Mr. Ives requests that a force of at least fifteen be sent. Hereford is provided with guns in the vicinity of the Hall and Canaan, where the greatest danger exists.

THE WHITECHAPEL MURDERS.

Something that may Furnish a Clue

LONDON, Sept. 26. It appears in connection with the finding of the first woman murdered in Whitechapel district, that parts of bonnets, of cardinal color, were found near the bodies of the two women murdered on Saturday night. Mr. Lusk, chairman of the committee of the District and Parochial Association, stated that letters have been received by members of the committee containing threats that the writers would murder a number of women during the present week. It is said that the police have a description of the man who wrote the letters.

EDISON'S LATEST.

Method of Exterminating Yellow Fever.

NEW YORK, Sept. 26. Thos. Edison has been devoting his attention to the microbe and its obnoxious method of its extermination. The result of these experiments has led him to think that he has discovered a remedy for the extermination or effectual check of the yellow fever. The experiments were made with gasoline, carbolene and a solution of caustic soda.

Ohio and Indiana Delegations Received.

A Document of the Campaign of '40.

Which Finds a Counterpart To-day.

INDIANAPOLIS, Sept 26. Several Ohio and Indiana delegations, among them a number of Tippecanoe veterans, paid their respects to General Harrison to-day. In a speech to the visitors General Harrison said: In looking over the other day a publication of the campaign of 1840, I fell upon a card signed by fifteen Democrats of Orange, N. J., giving their reasons for leaving the Democratic party. It occurred to me that it might be interesting to some of those old gentlemen (Cries of "we want to hear it," and "read it.") It goes as follows: "We might give many reasons for this change in our political opinions, the following, however, we deem sufficient. We do not believe a national debt is a national blessing. (Laughter and applause.) We do not believe the price of

WITHOUT PARALLEL.

A Week of Disasters on the Chilian Coast.

Terrible Loss of Life and $5,000,000 Worth of Property.

NEW YORK, Sept. 26. Advices from Valparaiso, via Panama, 17th, state that the week ending September 15th was one without a parallel for disasters, attended with immeasurable loss of life, in the history of that port. A number of vessels were driven ashore and in some cases the crews were drowned or killed by being dashed among the wrecks. The French bark Emile Du Sud was driven against British bark Chamberlain, the former foundering and the latter going down an hour later. With one exception Capt. Armstrong, of the Chamberlain, both crews, consisting of about thirty people, were drowned. Further details of the burning of the Mesa [illegible] Valparaiso August 11th, which caused the death of over fifty persons, is as follows: "We might give many reasons for this change in our political opinions, the following, however, we deem sufficient. The members of the Tippecanoe Club are requested to meet in City Hall this evening at 7 o'clock.

The night will be longer than the day to-morrow!

The Supreme Judicial Court convened at Houlton on Tuesday, Justice Haskell presiding.

The Delta is receiving some slight repairs at Warren's ship yard where she has been hauled out.

The 30th annual session of the Maine Eastern Christian Conference which began at East Dennett on Tuesday will close to-day.

A special to the Whig from Mr. F. W. Hall, Jr. says: All races and base ball games are postponed at Exeter fair until Friday at one o'clock.

The schooner J. B. Johnson arrived this week with a cargo of water pipe for the Brewer Water Works Company, and it will be put in position at once.

Grapes are very plenty this year and are being received in this city in good quantities. The crop has been a large one and the quality of the grapes is excellent.

The appearance of Barlow Bros. Minstrels has been postponed at Orono on account of the Catholic fair in Old Town Thursday night they had to reverse their dates.

The Old Town House has been sold by its owner, Mr. Thomas Campbell, who has bought the hotel at Passadumkeag, which he will take possession of next week and carry on.

The Western Piscataquis Agricultural Cattle Show and Fair occurs in this village October 3d and 4th. A large number of premiums are offered and every successful fair is anticipated.

The Teachers Institute for Northern Aroostook will be held at Caribou, on October 1st and 2d. It is desired that all teachers, and Committees and others interested should be present.

Mr. James O'Neill and his company arrived in this city yesterday noon from Portland where they appeared on Monday and Tuesday evenings to large houses and stopped at the Bangor House.

Bangor Division No. 14, Sons of Temperance, regular meeting this evening in Parsons's Hall, Granite Block for election of officers for the ensuing quarter. All members are requested to be present.

The Arbuckleman Quartette has been engaged to play at the Harvest concert to be given at the First Baptist church on the first Sunday in October. An attractive programme is being arranged for the occasion.

The Corn factory at Corinna has suspended operation, the corn being pronounced nearly or quite worthless. This will be a great blow to the farmers as well as the packers. The cause is attributed to the bad weather all along as well as the frost.

The Grange Fair will be held in Dexter the first week in October. The fair is an institution of the Dexter Grange and has existed each year. This year it will outrival all the previous features including the baby show, which has been a popular feature several years.

This evening a special train will be run from Old Town and Orono to Dexter and return to accommodate those who wish to attend the performance of "The Count of Monte Cristo," this evening at the Opera House. There will probably be a large number who will come to this city.

The Bennett and Moulton Opera Company will appear to Portland next week and then come to this city for a week's engagement. The company is made up of entirely new members to this city, with the exception of Miss Irene Murphy, and the proprietors say that it is the strongest company they have yet had.

Civil Service Commissioner Lyman left Washington yesterday for New England. He will first visit Portland, where he proposes to organize a Civil Service Examining Board in the post office. The force has recently been increased to fifty six, which brings the office within the scope of the civil service law.

The Castle Show and Fair by the towns of Newport, Stetson and Corinna will be held at Corinna Village, on the corn factory grounds, Saturday, Oct 6. The picking room at the factory has been secured for the hall exhibition. It is expected that this will be the most successful fair ever held in that town. Corinna Band will play during the day.

The game on Tuesday afternoon between the Nationals and Augustas, at St. John, resulted in a victory for the former by a score of 17 to 9, in the presence of the largest crowd of the season over 1,000 being present. A special to the Kennebec *Journal* says that the Augustas were tired after their long ride all night and were unable to put up their usual good game.

The excursion to the Katahdin Iron Works, arranged by the ladies of the Hammond street church for to-day, has been postponed until to-morrow on account of the storm, and if the weather is then favorable the occasion will be a very pleasant one, and a large number is expected to make the trip. Tickets can be obtained on the train which will leave at 7.15 a. m. The excursionists will have nearly five hours at the Works.

The next excursion over the Maine Central from Augusta and other points on the line will take place to-day to Bar Harbor and quite a number are intending to go from this city. These excursions have proved very popular and each excursion train has been crowded. The low rate of fare enables many to make the trip. There will probably be another big crowd to-day. Several hours will be spent at Bar Harbor.

A corporation called the Moosehead Lake Hotel Company has been formed by Messrs. John E. Enwlth, T. E. Folsom, A. H. Walker and Mark McPhetres, of Greenville, H. Marshall of Fairfield, Walter M. There has been quite a scarcity of flour in the market in this city recently, so our merchants report, and it has been rather hard to fill the orders that have come in. The bad weather which has prevailed lately has prevented its being shipped here from down river, and that has been the cause of the scarcity. There has been much more of a demand for flour this fall than last, a very considerable amount being used for building purposes, and in the lumberes

CONVICTED OF AN ATTEMPT TO KILL. A Freeport Illinois despatch has the following in relation to the conviction and sentence of a former Old Town man on that charge for an attempt to kill a prominent citizen of Minneapolis, last year, an account of which was published in the Whig at the time. David B. Staples was to-day convicted of attempting to kill Charles A. Winship and a sentence of one year in the penitentiary was rendered. The shooting took place at the Brewster house, during the house races a year ago. Young Staples, father is a many times millionaire of Stillwater Minn. Mr. Winship is a prominent citizen of Minneapolis, owner of Bottineau park, a resort where he had entered at the races. An appeal to the Supreme Court will be taken.

DEATH OF MRS. SAMUEL TIBBEY. We regret to learn as will the wide circle of friends all over the state of the death of Mrs. H. F. Tibbey, wife of Hon. Samuel Tibbey of Orono which occurred yesterday at the age of fifty two years. Although the death was not unexpected to those who knew the state of her health, it is none the less sad and will bring a shock to many hearts. The end was caused indirectly by a shock sustained from the accidental breaking of her thigh as reported in the Whig a short time since, but from the nature of her disease her life could not probably have been much prolonged even if the accident had not occurred. Mr. Tibbey and his daughter who are thus left to mourn the loss of an affectionate wife and mother will have the sincere sympathy of their many friends in their hour of affliction. The funeral will take place Friday afternoon at 2 o'clock.

BUCKSPORT FISHING VESSEL WRECKED. The steamer Worcester, which arrived in Boston, Tuesday, from Halifax brought the captain, Amos W. Hanson and the crew of ten men of the schooner Jane Bean, which was wrecked off the coast of Newfoundland, on Friday, the 14th inst. The Bean is owned in Buckport and was engaged in the fishing trade. The storm was an unusually violent one even for that stormy coast. After standing it for several days the vessel foundered, and the crew escaped only by taking to the boats. They were picked up by the Provincetown fishing schooner John A. Matheson and brought to St. John. They then went to Halifax, from which place they were sent by the United States Consul to Boston. They were provided with breakfast by the Collector and left for Buckport Tuesday afternoon.

COMMISSIONERS OF PHARMACY. The Commissioners of Pharmacy met in full board yesterday at the *Bangor House*, for the examination of applicants for certificate and registration. Only one applicant reported Mr. Harry F. Bailey, of Carbonado, who after a full examination both written and oral, was granted his certificate, his performance indicating a careful and studious disposition. It was a cause of considerable disappointment to the board that there were no more applicants present after so much pains had been taken to notify those resident in the eastern part of the state of the willingness of the commissioners to meet them half way. The next meeting of the board will be held in Portland, at the Preble House Wednesday October 10th, at 9 A. M. The commissioners would not omit acknowledging with thanks the excellent accommodation afforded them by the genial host of the Bangor House.

THE ELECTRIC RAILWAY. A meeting of the citizens of Brewer will be held next Tuesday for the purpose of voting whether or not to permit the electric railway to be extended over the bridge and through the streets of the town. If allowed the work of laying track across the toll bridge and in Brewer will be commenced as soon as the line in this city is completed to Pearl street, and that will be in a short time. The workmen have begun to set up the poles at the East Hampden end of the line, and poles have been distributed along the Hampden road in readiness to be placed in position. They will be 135 feet apart and directly opposite each other. The wires will be strung upon trees when possible, and upon private residences and business blocks if the owners will allow it, thus dispensing with poles. The work of setting them up will take but a few days provided the weather is pleasant. The engine has been put in place at the electric light station and the generator is expected to arrive here this week and be arranged in position. The next work to be done will be stringing the wires, and as this is a somewhat difficult job, and requires care, it will take some little time to do it, but the gentlemen connected with the railway enterprise inform us that they intend to have the road in process of operation by the middle of October. The workmen are now engaged upon Main street, laying track, and are making rapid progress. They were obliged to cease work yesterday on account of the storm. The cars that will

The severe storm yesterday interfered seriously with the Penobscot County Fair at Orrington. A detailed report of the exhibits will appear hereafter.

PROPOSALS FOR CARRYING THE MAILS. Postmaster General Dickinson has sent out circulars, some of which are posted in prominent places in the post office in this city stating that proposals will be received at the contract office of the Post Office Department until [illegible] of January 10, 1889, for carrying the mails of the United States from July 1st, 1889 to June 30, 1893 upon the star and steamboat routes in Maine and other states, and for the performance of mail messenger mail station and transfer service at Boston, Providence, New York, Buffalo, Amesbury, Philadelphia, Brooklyn, Baltimore, Washington and Richmond. A list of rules, the form of proposal, etc. can be obtained by application to the Second Assistant Postmaster General in Washington.

Marshal Jo Hamilton during the races at Weeks Park last week arrested Nelson Neal, a light weight newly employed on the Bangor and Piscataquis railroad, charged with stealing a gold watch and chain from Mr. Bragg, a passenger on the train. While this was pending, the latter received a telegram from Mr. Neal's uncle, Calvin Neal, of Hartland, stating that Nelson was a minor, and that he had left home without his father's consent. Mr. Bragg, after hearing the circumstances, decided not to prosecute, and Neal was discharged. Mr. Bragg, however, left for Boston on the morning train, leaving his watch with Marshal Hamilton, who will hold it until the matter is settled. Mr. Bragg, before leaving, expressed himself as entirely satisfied with the action taken by Marshal Hamilton in the matter.

CONVICTED OF AN ATTEMPT TO KILL. A Freeport Illinois despatch has the following in relation to the conviction and sentence of a former Old Town man on that charge for an attempt to kill a prominent citizen of Minneapolis, last year, an account of which was published in the Whig at the time. David B. Staples was to-day convicted of attempting to kill Charles A. Winship and a sentence of one year in the penitentiary was rendered. The shooting took place at the Brewster house, during the house races a year ago. Young Staples, father is a many times millionaire of Stillwater Minn. Mr. Winship is a prominent citizen of Minneapolis, owner of Bottineau park, a resort where he had entered at the races. An appeal to the Supreme Court will be taken.

DEATH OF MRS. SAMUEL TIBBEY. We regret to learn as will the wide circle of friends all over the state of the death of Mrs. H. F. Tibbey, wife of Hon. Samuel Tibbey of Orono which occurred yesterday at the age of fifty two years. Although the death was not unexpected to those who knew the state of her health, it is none the less sad and will bring a shock to many hearts. The end was caused indirectly by a shock sustained from the accidental breaking of her thigh as reported in the Whig a short time since, but from the nature of her disease her life could not probably have been much prolonged even if the accident had not occurred. Mr. Tibbey and his daughter who are thus left to mourn the loss of an affectionate wife and mother will have the sincere sympathy of their many friends in their hour of affliction. The funeral will take place Friday afternoon at 2 o'clock.

BUCKSPORT FISHING VESSEL WRECKED. The steamer Worcester, which arrived in Boston, Tuesday, from Halifax brought the captain, Amos W. Hanson and the crew of ten men of the schooner Jane Bean, which was wrecked off the coast of Newfoundland, on Friday, the 14th inst. The Bean is owned in Buckport and was engaged in the fishing trade. The storm was an unusually violent one even for that stormy coast. After standing it for several days the vessel foundered, and the crew escaped only by taking to the boats. They were picked up by the Provincetown fishing schooner John A. Matheson and brought to St. John. They then went to Halifax, from which place they were sent by the United States Consul to Boston. They were provided with breakfast by the Collector and left for Buckport Tuesday afternoon.

COMMISSIONERS OF PHARMACY. The Commissioners of Pharmacy met in full board yesterday at the *Bangor House*, for the examination of applicants for certificate and registration. Only one applicant reported Mr. Harry F. Bailey, of Carbonado, who after a full examination both written and oral, was granted his certificate, his performance indicating a careful and studious disposition. It was a cause of considerable disappointment to the board that there were no more applicants present after so much pains had been taken to notify those resident in the eastern part of the state of the willingness of the commissioners to meet them half way. The next meeting of the board will be held in Portland, at the Preble House Wednesday October 10th, at 9 A. M. The commissioners would not omit acknowledging with thanks the excellent accommodation afforded them by the genial host of the Bangor House.

THE ELECTRIC RAILWAY. A meeting of the citizens of Brewer will be held next Tuesday for the purpose of voting whether or not to permit the electric railway to be extended over the bridge and through the streets of the town. If allowed the work of laying track across the toll bridge and in Brewer will be commenced as soon as the line in this city is completed to Pearl street, and that will be in a short time. The workmen have begun to set up the poles at the East Hampden end of the line, and poles have been distributed along the Hampden road in readiness to be placed in position. They will be 135 feet apart and directly opposite each other. The wires will be strung upon trees when possible, and upon private residences and business blocks if the owners will allow it, thus dispensing with poles. The work of setting them up will take but a few days provided the weather is pleasant. The engine has been put in place at the electric light station and the generator is expected to arrive here this week and be arranged in position. The next work to be done will be stringing the wires, and as this is a somewhat difficult job, and requires care, it will take some little time to do it, but the gentlemen connected with the railway enterprise inform us that they intend to have the road in process of operation by the middle of October.
